Roll Call

One of our goals is to have regular contact with chapter officers. Please send your updated contact information to usnacommunications@gmail.com. We encourage you to create an email for your chapter that can be passed on to each new incoming board. For example, your chapter's email may be USNAchapter@example.com. You may also want to consider making emails for each position that can be passed on, such as chapterpresident@example.com. This will allow seamless transition between your chapter boards, as well as continuous communication between the state and chapter levels.
